

MIRANDA NEEDS A COMPANION

Can anyone help us?

Miranda, our lovely old donkey – albeit, very noisy donkey is lonely and sad. Last year she lost her faithful donkey companion Sammy to cancer. She had seemed to overcome her grief when she teamed up with a small Dartmoor pony called Faith, but unfortunately in the last few weeks Faith became ill and we had to take the difficult decision to have her put

down. Since then poor Miranda has been on her own and none of our other ponies seem right for her to put her out of her misery. It is a very sad sight to see her standing in a field on her own, lonely and depressed.

We need help to locate a donkey male or female that the Sanctuary could give a good and special home to and of course make Miranda's life complete again.
